Nowadays, some claim compared with domestic lifestyle the option to continue living with one's parents, it is more beneficial for undergraduates to live independently. At the same time, however, there is uncertainty whether the merits of this decision outweigh the demerits. In this essay, I will review both sides of the debate to seek a conclusion.

**Comment [Dave1]:** not a clear paraphrase

**Comment [Dave2]:** change the topic into the wrong one just because they want to paraphrase

**Comment [Dave3]:** paraphrase the topic correctly - don't worry about changing it a lot - use some of the same words - write this sentence fast

**Comment [Dave4]:** a little informal

**Comment [Dave5]:** ok

~~To begin with~~ One the one hand, there is ~~no~~ little doubt that since many students have never ~~been lived~~ apart from their families, living without parents is a valuable opportunity for personal growth and the development ~~for of~~ independent thought. ~~Moreover, the~~ The experience of living alone ~~will~~ imparts ~~s~~ a wide range of practical skills, ~~such as related to~~ cooking, cleaning and personal banking. ~~In addition,~~ Their ~~personal development in terms of self-reliance will also be supported by~~ they can ~~spend~~ more time on social activities ~~in at~~ the university, ~~which not only~~ This might ~~include~~ practic ~~ing~~es their organization skills ~~ing abilities but and~~ also enhanc ~~ing~~es the bonds between ~~their~~ friends. For example, in China most undergraduates live in dorm rooms with up to a dozen other students and forge close interpersonal relationships that often endure long after graduation.

short topic sentence with 1 main idea

explain the idea

develop the idea

keep developing the same idea

keep developing the same idea

**Comment [Dave6]:** weaker - more reasonable

**Comment [Dave7]:** whole TA score depends on how much development you have

**Comment [Dave8]:** too long as a topic sentence - half of your paragraph: On the one hand, living without parents is a valuable opportunity for ... (15 words long or so)

**Comment [Dave9]:** one main idea - 2 children - half as much attention - 1 child - full attention

**Comment [Dave10]:** don't start too many sentences with a linking word - good writing doesn't need any linking words

**Comment [Dave11]:** listing more ideas - never do this

**Comment [Dave12]:** present simple - true now

**Comment [Dave13]:** really specific - excellent

**Comment [Dave14]:** don't just list ideas - develop your ideas

**Comment [Dave15]:** band 6 or so development - not long or detailed enough for a 7 for TA

**Comment [Dave16]:** use China / Beijing for a specific example

On the other hand, however, living alone will have a negative impact on students who lack in self-control, as they may have a bad timetable on their daily life. Furthermore, Many teenagers may have experience home-sickness without when not able to seeing their parents, which can lead to the development of anxiety or potentially more serious and distracting mental conditions, and it will pose mental problem, which may be distracted when they are studying. In addition, living by themselves may have also pose a potential risk on for students who are short of practical skills, especially when dealing with kitchen tools daily necessities such as cooking and cleaning.

To summarize, there is no doubt that living independently is an excellent chance opportunity for personal growth. At the same time, however, Nonetheless, it will also there is the potential for have an adverse effect on students who lack in self-discipline and living practical living skills. In the final analysis, therefore, one can conclude that it is positive for most students living to live independently, as it the demerits only happen on certain group of undergraduates apply to a specific segment of undergraduates.
